

Deep Cycle Batteries

PROEYE™ SYSTEM

Predictable and efficient battery maintenance system for inspecting electrolyte levels that signals when watering is required.
 White signal: add water.
 Green signal: no water needed.
 Black signal: replace battery.

HEAVY DUTY CONSTRUCTION

Heat-sealed case and cover.
 Heavy and thick plates.

LOW MAINTENANCE CONTAINER

Container design provides more electrolyte above the battery plates so batteries can perform longer between watering intervals, lowering preventive maintenance costs.

RIGID CONNECTORS

Heavy duty connectors deliver maximum electrical efficiency and durability.

POSI-WRAP™ SEPARATORS

The envelope separators reduce maintenance and prevent failure due to short-circuiting and plate shredding, ensuring reliability and durability

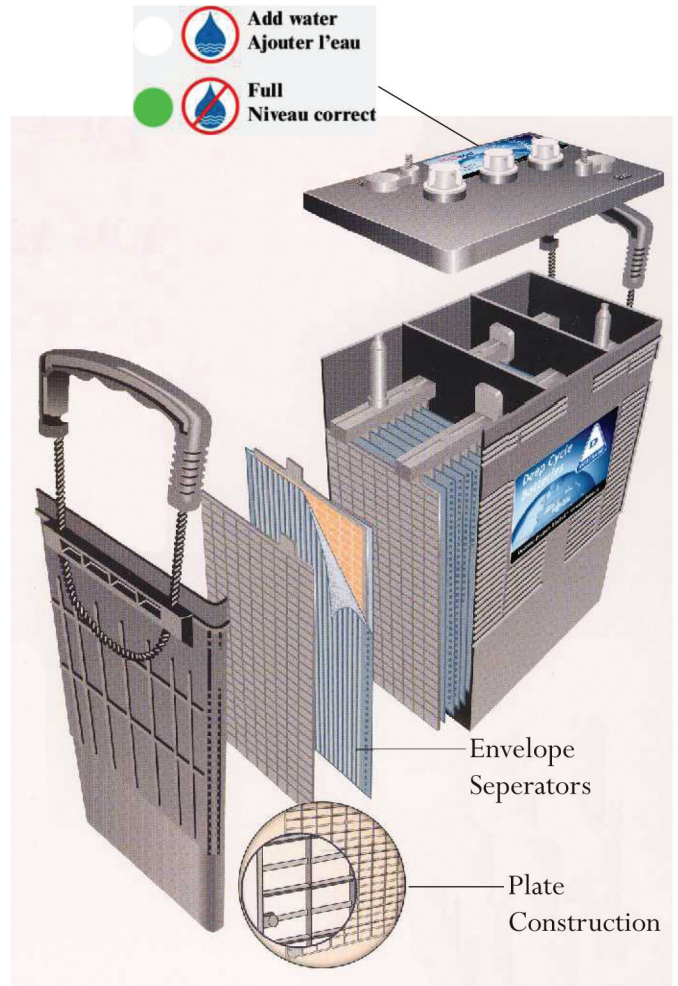

PLATE CONSTRUCTION

Plate design offers superior performance and durability.

Technical Data

Model	31DC36	CR-325	CR-210
Amp hour capacity	140 (20hr)	325 (20hr)	210 (20hr)
Voltage	12 volts	6 volts	12 volts
Dimensions (inches)	13.13 x 6.88 x 9.38	12.19 x 7.19 x 14.50	15.50 x 7.00 x 14.50
Weight	67 lbs.	105 lbs.	131 lbs.
Code	19410	19412	19416
