Time-Out

Floor Finish Stripper

"An Environmental Choice Certified Product. A powerful yet environmentally compatible stripper for use on all water-based sealers and floor finishes."

FEATURES AND BENEFITS

Powerful: Works quickly with minimum effort.

Versatile: May be used with mop, automatic scrubber or floor machine; removes all finishes including over-burnished ones.

Pleasant to use: Solvent-free, no strong fumes.

WHERE TO USE

Can be used on all resilient and non-resilient floors. Excellent for high traffic areas as labour is drastically reduced and down-time is kept to a minimum. Floors can be stripped, re-finished and ready to traffic in record time. Use as a degreaser for all hard surfaces.

HOW TO USE

Recommended Dilution Rates:

Stripping with a mop 1:4

Stripping with a machine 1:9

Note: Adjust rates to suit your cleaning needs. Time-Out conforms to Environmental Choice standard CCD-147 "Strippers".

The use of hot water speeds up the stripping process considerably. Apply solution to a manageable area and let it work for 3 to 5 minutes. **DO NOT ALLOW THE SOLUTION TO DRY ON THE FLOOR.** Agitate the solution with the applicator, then pick up with a wet-vac or mop and rinse well.
