

The Dustbane Way

Cleaning an Assembly Room

Cleaning an assembly room starts with a simple program. Ask us about a custom program that will meet your individual needs. Here's our baseline recommendation.

1

Multi-Purpose Cleaner: Excelsior

Keep your surfaces clean, free of impurities and ready for assembling items. The use of Excelsior as a general purpose hard surface cleaner will minimize your chemical inventory while providing the cleaning results you strive for. UL ECOLOGO® Certified.

- Dilute in cold water at a rate of 1:64.
- Available in 4 L & 20 L.

2

Disinfectant Cleaner: Quat Plus

Maintain a safe working environment by using Quat Plus. This product kills germs and eliminates odours by destroying a wide range of bacteria, fungi and viruses without the harsh smell of chemicals. UL ECOLOGO® Certified.

- Dilute in cold water at a rate of 1:80.
- Available in 4 L.

3

Glass and Chrome Cleaner: Azure

Keep your windows, mirrors, chrome and stainless steel sparkling clean and streak free. APE, VOC and ammonia free. UL ECOLOGO® Certified.

- Dilute in cold water at a rate of 1:16.
- Available in 750 ml (RTU) & 4 L.

4

Floor Finish: Runway

The primary function of a floor finish is to provide a durable, safe, clean, and attractive surface. With its high solid content, Runway builds the required film thickness with fewer coats to achieve the same depth of appearance as other finishes.

- Resists black heel marks, scuffing, powdering, and water damage.
- Available in 4 L & 20 L.

5

Fast Track Back Vac

This lightweight and ergonomic 1.7 gal backpack vacuum is perfect for getting the job done quickly, efficiently and comfortably and for cleaning those hard to reach areas around and behind equipment.

- Extremely high air-flow speeds your cleaning needs.
- Back-pad that fits the curve of any operator's back with lumbar support.
- Comes with the Standard Tool Kit.
