

The Dustbane Way

Cleaning a Change Table

Cleaning a change table starts with a simple program. Ask us about a custom program that will meet your individual needs. Here's our baseline recommendation.

1

Disinfecting Wipes: Eliminate

Eliminate wipes make it easy to clean and disinfect changing tables after each use. Their convenience will encourage people to use them regularly as a way of preventing a dirty appearance and therefore maintaining the sanitary standards of an establishment. DIN: 02459507

- Ready-to-use.
- 6" x 7" wipes (180 wipes per container).

2

Sanitizer: Quatromyicide II RTU

Ready-to-use Quatromyicide II is a no-rinse sanitizer which can be used to sanitize and deodorize all surfaces unaffected by water. Always remember to pre-clean all surfaces prior to sanitizing.

- Available in 750 ml (RTU) & 5 L.
