## Cleaning a Coach Bus: The Interior

Cleaning a coach bus begins with a simple program. Ask us about a custom program that will meet your individual needs. Here is our baseline recommendation.

1

### Cleaner and Degreaser: Emerald

Bus surfaces can be a breeding ground for bacteria that contribute to the spread of germs and diseases. Emerald is a multi-purpose cleaner and degreaser that cuts through grease, oil and heavily soiled surfaces. Its gentle formula removes dirt and impurities from surfaces and objects while being gentle enough to clean floors and hard surfaces. UL ECOLOGO® Certified.

- Available in 750 ml (RTU), 4 L & 20 L.

2

### Glass and Chrome Cleaner: Azure

Let your passengers enjoy the view! Azure will keep your windows sparkling clean without any streaks or haze. UL ECOLOGO® Certified.

- Dilute in cold water at a rate of 1:16.
- Available in 750 ml (RTU) & 4 L.

3

### Spot and Stain Remover: Eco-Expert

Spills, coffee, crumbs, dirt and other debris end up on the seats and carpets. Keeping them clean is a task that must be performed in order to keep stains off the clothing of passengers. A small amount of Eco-Expert will do the trick. UL ECOLOGO® Certified.

- Dilute in cold water at a rate of 1:125.
- Available in 4 L & 20 L.

4

### Mini Spotter

The Mini Spotter is a convenient and portable way to clean stains quickly and efficiently. Sprays and recovers its own cleaning solution.

- 3 gal tank capacity.

4

### Victory Electrostatic Sprayers

With a large volume of travellers, buses can become heavily contaminated with other germs and illnesses. The Victory Electrostatic sprayers use static electricity to charge up the dispensed chemical in the tank, so the product will stick to the desired surface and wrap them entirely in chemicals for thorough disinfection.
