

The Dustbane Way

Cleaning a Computer Lab

Cleaning a computer lab starts with a simple program. Ask us about a custom program that will meet your individual needs. Here's our baseline recommendation.

1

Cleaning Wipes: Triple Action Multi

In a computer lab, many people come in contact with the equipment and this can promote the spread of germs and diseases. Triple Action Multi wipes make it easy to quickly clean computer surfaces such as the mouse and keyboard without leaving any streaks or residue. DIN: 02452723.

- Ready-to-use.
- 7" x 8" wipes (120 wipes per container)

2

Cleaner & Degreaser: Emerald RTU

The cleanliness of a computer lab is important as it can affect the performance of the equipment. With its safe yet powerful formula, Emerald effectively cuts through grease, oil and heavy soiled surfaces, while having a reduced environmental impact and leaving no film behind. UL ECOLOGO® Certified.

- Ready-to-use.
- Available in 750 ml (RTU), 4 L & 20 L.
