

The Dustbane Way

Cleaning an Escalator

Cleaning an escalator starts with a simple program. Ask us about a custom program that will meet your individual needs. Here's our baseline recommendation.

1

Disinfectant Cleaner: Quat Plus

Quat Plus kills germs on surfaces and objects offering the performance of a neutral quat that eliminates malodours by destroying a wide range of bacteria, fungi and viruses without the harsh smell of chemicals. UL ECOLOGO® Certified. DIN: 02298694

- Dilute in cold water at a rate of 1:80.
- Available in 4 L.

2

Glass and Chrome Cleaner: Azure

Keep your mirrors, chrome and stainless steel sparkling clean and streak free. APE, VOC and ammonia free. UL ECOLOGO® Certified.

- Dilute in cold water at a rate of 1:16.
- Available in 750 ml (RTU) & 4 L.

3

Degreaser: Emerald

Grease and grime tend to build up on escalators. Choosing the right degreaser that leaves no film is very important. With its safe yet powerful formula, Emerald effectively cuts through grease, oil and heavy soiled surfaces, while having a reduced environmental impact and leaves no film behind. UL ECOLOGO® Certified

- Dilute in cold water at a rate of 1:128.
- Available in 750 ml (RTU), 4 L & 20 L.

4

Targa XL 18 Tip & Pour

Cleaning debris that have accumulated in an escalator requires a good performing, high capacity vacuum. Dustbane's Targa Eco Series dry or wet canister vacuums get the job done quickly and efficiently. The Targa Series is made in Canada and takes advantage of a Clean Air Filtration system.

- Rugged, non-corrosive construction and chemical resistant.
- Other sizes and formats available.
