

The Dustbane Way

Cleaning a Hallway

Cleaning a hallway starts with a simple program. Ask us about a custom program that will meet your individual needs. Here's our baseline recommendation.

1

Multi-Purpose Cleaner: Excelsior

Guests and residents may base their opinion on the quality of a building by the appearance of the hallways. The use of Excelsior as a general purpose hard surface cleaner will minimize your chemical inventory while providing the cleaning results you strive for. UL ECOLOGO® Certified.

- Dilute in cold water at a rate of 1:64.
- Available in 4 L & 20 L.

3

Carpet Cleaner and Stain Remover: Eco-Expert

Deep cleaning carpets helps to prolong its life since vacuuming alone is not enough to remove dirt and allergens. Removing stains from the carpet will give a more positive impression to your guests and provide a more sanitary environment. UL ECOLOGO® Certified.

- Dilute in cold water at a rate of 1:125.
- Available in 4 L & 20 L.

2

Odour Control: Bio-Bac II

Hallway odours can have an impact on customer experience. Continued use of Bio-Bac II provides a safe and efficient way to maintain clean, sanitary and odour free surfaces. The "people friendly" bacteria keeps working long after Bio-Bac II's initial application. UL ECOLOGO® Certified.

- Dilute in cold water at a rate of 1:20.
- Available in 4 L.

4

Carpet Cleaning: 900 XT Self-Contained Carpet Extractor

The Power Clean 900 XT's operator-friendly control panel makes it easy to operate. Its easy glide vacuum shoe moves across the carpet effortlessly, while the large 10" wheels make for easy transport and maneuvering up and down the stairs.
