

The Dustbane Way

Cleaning a Paper Mill

Cleaning a paper mill starts with a simple program. Ask us about a custom program that will meet your individual needs. Here's our baseline recommendation.

1

Industrial Degreaser: Power Lift

An industrial grade degreaser highly effective to quickly remove grease, oil, dirt and grime. Offers a performance superior to solvent based cleaners while being safe on all metal and non-metal surfaces, including rubber. For a more eco-friendly option, choose Power Lift.

- Dilute in cold water at a rate of 1:60.
- Available in 4 L, 20 L & 210 L.

2

Hand Cleaner: Ultra Orange

Workers can get their hands dirty with a range of oils, grease and dirt. Ultra Orange is an industrial strength hand cleaner that can tackle any job, offering deep cleaning power while being gentle on the hands.

- Ready-to-use.
- Available in 4 L.

3

Sweeping Compound

Dustbane Sweeping Compound is used to clean and reduce airborne dust during sweeping and to ease the removal of dust and dirt on sealed and unsealed wood, concrete and metal floors. 100% biodegradable.

- Available in 22 kg, 100 kg & 135 kg.

4

Debris Pickup

Cleaning debris that have accumulated on floors with a broom takes a long time and just stirs the dust up into the air. To get the job done quickly and efficiently, this process requires a good performing, high capacity wet & dry canister vacuum such as the PC-3, PC-3 on drum or XL 18 Tip & Pour.

5

Gladiator 1050 Ride-On

Cleaning floors in a manufacturing facility with a broom takes forever and just stirs the dust up into the air. The Gladiator 1050 Ride-On can clean carpets and floors quickly without disturbing the peace.
