Cleaning a Passenger Ship: The Interior

Cleaning a passenger ship begins with a simple program. Ask us about a custom program that will meet your individual needs. Here is our baseline recommendation.

1

Window Cleaner: Azure

Don't let dirty windows ruin the view and experience of your passengers. Using Azure to clean your windows will give you streak free, sparkling clean windows. UL ECOLOGO® Certified.

- Dilute in cold water at a rate of 1:16.
- Available in 750 ml (RTU) & 4 L.

3

Spot and Stain Remover: Eco-Expert

Spills, coffee, crumbs, dirt and other debris end up on the seats and carpets. Keeping them clean is a task that must be performed in order to keep stains off the clothing of passengers. A small amount of Eco-Expert will do the trick. UL ECOLOGO® Certified.

- Dilute in cold water at a rate of 1:125.
- Available in 4 L & 20 L.

2

Disinfectant Cleaner: Quat Plus

Infectious diseases can be carried aboard the passenger ship. Using a disinfectant with a detergent can perform two tasks at once and prevent the spread of germs and diseases. Quat Plus also eliminates odours without the harsh smell of chemicals. UL ECOLOGO® Certified.

- Dilute in cold water at a rate of 1:80.
- Available in 4 L.

4

Fast Track Back Vac

This lightweight 1.7 gallon backpack vacuum is perfect for getting those hard to reach areas around and behind seats.

- Extremely high air-flow speeds your cleaning needs.
- Back-pad that fits the curve of any operator's back with lumbar support.
- Comes with the Standard Tool Kit.
