

The Dustbane Way

Cleaning a Therapy Room

Cleaning a therapy room starts with a simple program. Ask us about a custom program that will meet your individual needs. Here's our baseline recommendation.

1

Disinfectant Cleaner: HealthGuard

Disinfection is essential to maintain a cleaner and healthier environment. HealthGuard kills germs on surfaces and objects and offers complete disinfection in 5 minutes and sanitization in 15 seconds. DIN: 02505495.

- Dilute in cold water at a rate of 1:64.
- Available in 4 L.

4

Floor Cleaning: Targa 330

This dry pickup canister vacuum will work well in tight spaces around furniture.

- Rugged, non-corrosive construction and chemical resistant.
- CRI Certified.

2

Sanitizer: Quatromycide II RTU

It is vital to sanitize surfaces that could spread diseases. Quatromycide II is a detergent-free, no rinse sanitizer that eliminates bacteria and viruses from surfaces that are sensitive to detergents. Always remember to pre-clean all surfaces prior to sanitizing.

- Ready-to-use.
- Available in 750 ml (RTU) & 5 L.

4

Victory Electrostatic Sprayers

With so many surfaces that can become contaminated with germs and illnesses – it can be hard to keep up with the disinfection. The Victory Electrostatic sprayers use static electricity to charge up the dispensed chemical in the tank, so the product will stick to the desired surfaces and wrap them entirely in chemicals for thorough disinfection – making it easier than ever to fully sanitize a therapy room.

4

Glass and Chrome Cleaner: Azure

The cleanliness of a therapy room can go a long way in making people feel at ease. Keep your windows, mirrors, chrome and stainless steel sparkling clean and streak free. APE, VOC and ammonia free. UL ECOLOGO® Certified.

- Dilute in cold water at a rate of 1:16.
- Available in 750 ml (RTU) & 4 L.
