Easy glide vacuum shoe moves across carpet effortlessly.

Momentary and continuous spray features.

Removable recovery tank has convenient dump hose that saves time and empties easily.

Non-conductive, operator-friendly control panel makes it easy to operate.

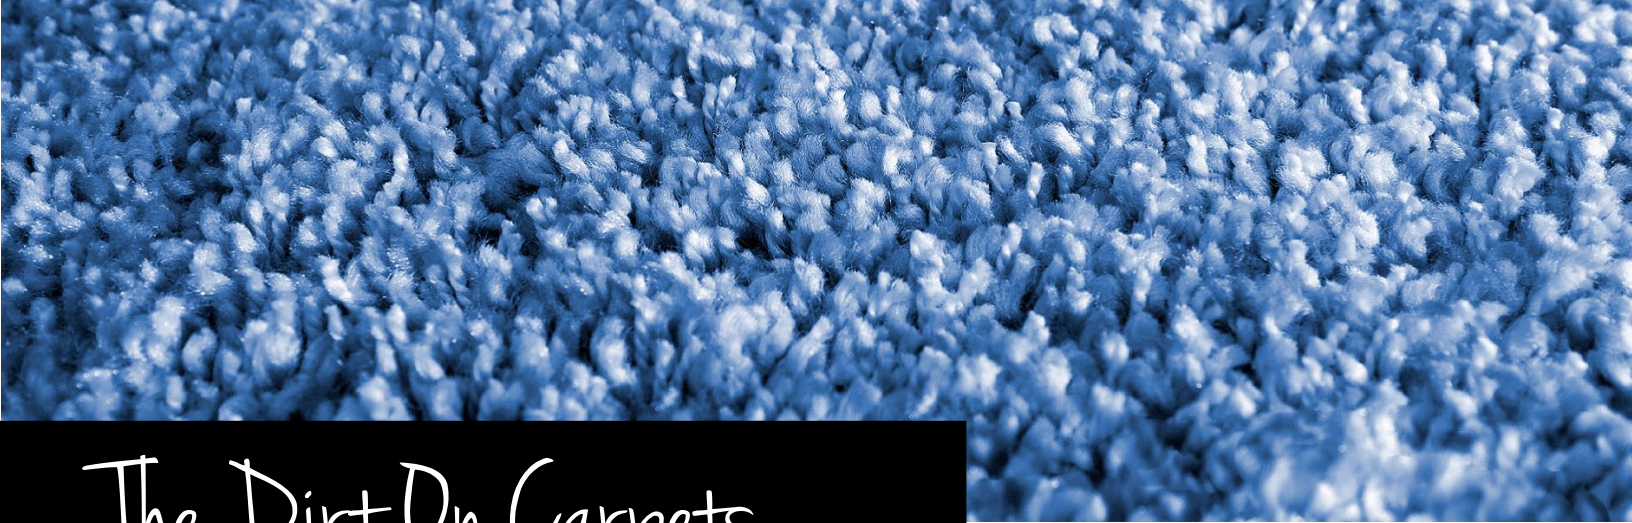

Adjustable ergonomic handle makes cleaning effortless and easier on the operator's back.

Single, adjustable brush.

On-board AUX power for optional scrub wand and extraction tools.

Large 10" wheels for ease of mobility over stairs and curbs.

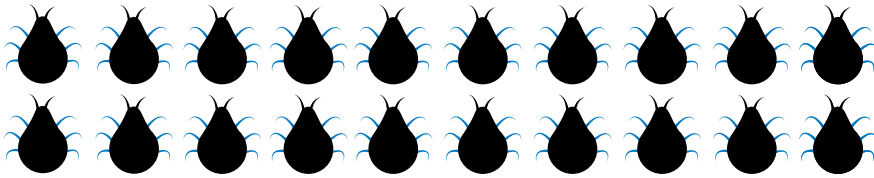

The Dirt On Carpets

Up to **2,000** dust mites can live on one ounce (1 oz) of carpet.

 = 100

Carpets should be deep cleaned every 12-18 months

Deep Cleaning of Carpets

- removes more deep down soiling
- removes more deep down staining
- removes more deep down bacteria
- vacuuming only cleans the surface
- deep cleaning reaches all the way down to the bottom

Facts

1 lb

One square foot of carpet can hold about **1 lb** of dirt.

Dust mites eat dead skin cells nesting in dust-collecting carpet. The residue left behind by mites can cause allergies.

The average person sheds

1.5 million skin flakes

per hour

During an average workday

12 million skin flakes

An office of 10 people will shed

27 pounds of skin flakes

per year

Power Clean Series

Self-Contained Carpet Extractor

Ease of Use

Its operator-friendly control panel makes it easy to operate. The Power Clean 900 XT easy glide vacuum shoe moves across the carpet effortlessly, while the large 10" wheels make for easy transport and maneuvering up and down the stairs.

Designed to Increase Productivity

Filling and emptying is easier than ever. Faucet-fill function offers efficient filling of the solution tank while the removable recovery tank has convenient dump hose that saves time and empties easily.

Deeper Clean

Two spray jets force solution into carpet; independently powered brush deep cleans; and powerful vacuum picks up all the dirty solution to leave carpet clean and virtually dry – all in one single pass.
