- Kills mold and mildew
- Removes hard water films
- Reduces bacterial organisms to acceptable levels
- Prevents future growth of mold

Dilution rates:

Glass Cleaner	1:50
Floor Neutralizer	1:40
General Cleaning	1:8

More than just a glass cleaner

Industrial Vinegar is a clear, colourless cleaner that's flexible in different areas, including hard kitchen surfaces, hard bathroom surfaces, and general cleaning without leaving behind a strong odour.

Vinegar is a popular economical and safe replacement to avoid harsh chemicals. The acetic acid in vinegar kills mild and reduces bacteria to acceptable levels.
