

# Oxy D.S.T. Wipes

The power of oxygen at your fingertips!

## About this product

Oxy D.S.T. cleans and degreases in a safe and efficient manner with the power of oxygen. The same performance and results you came to expect from Oxy D.S.T. but in the convenience of a wipe. These all purpose wipes use hydrogen peroxide, which releases thousands of micro bubbles that tackle any tough stain. Easy to use, its safe formula can be used around children and on surfaces in contact with food without risk. From cleaning small spills, to their own work area, your staff will be encouraged to wipe surfaces throughout the day, maintaining a sanitary environment, beneficial to all.

- Ideal for use by non-custodial workers
- Improves hygiene
- Convenient and easy to use
- Eliminates the risk of cross-contamination from the conventional bucket method
- Replaces the need for open bucket with rags or spray and wipe applications
- Cleans without the harshness of bleach
- Saves considerable time cleaning
- No harsh chemicals, odours or fumes
- Can be used as a floor cleaning wipe
- Non-toxic

### A fabric that complements our chemistry

The fabric selected for our wipes not only absorbs our formula the best, but releases it from the wipe, when in use, so that the formula can do the work intended. The wipes are strong, durable, and resilient while being safe to handle. They are designed to capture dirt, grease, and soils without smearing them. The Oxy D.S.T. Wipes are made of a blend of fibers.

### Don't forget!

Affix the rack to the wall for easy dispensing.
