

Oxy D.S.T.

Powered by oxygen bleach

About this product

Combines the powerful cleaning and degreasing properties of Dustbane's Dynamic Surfactant Technology with the amazing stain lifting power of oxygen bleach. The hydrogen peroxide, which releases thousands of micro bubbles, tackles any tough stain and reduces the effort required to clean. The readily biodegradable formula offers multiple dilution rates for versatility in multiple cleaning applications including carpet spotting, surfaces cleaning, spray & wash, mold and mildew stains removal in grout, eliminating odours and much more. Its acid base allows for great germ killing cleaning performance. When used in foamer applications, the rich, clinging foam stays where you need it, maximizing contact time and ensuring amazing results.

- Works fast – less wiping
- Won't harm most surfaces
- High-foaming formula clings to surfaces
- Penetrates and lift stains
- No rinsing required
- Leaves no residues
- Versatile – use in spray bottle, buckets or auto-scrubber
- Ideal for mold and mildew removal
- Reduced environmental impact
- ECOLOGO Certified (UL 2759)
- Non-toxic

Dilution rates:

Light Soil	1:120
Medium Soil	1:80
ECOLOGO (UL 2759)	1:20
Heavy Soil	1:20
Foaming Trigger Sprayer	Concentrate
