

Triple Action Multi

3 actions, one single wipe!

About this product

Triple Action Multi cleans, degreases and disinfects on the go, with a single wipe. The same performance you came to expect from Triple Action but with the convenience of a wipe. The easy to use wipes are safe for use around children and on surfaces that come in contact with food without risk. Wipes offer many advantages over traditional cleaning methods; one being that wipes are wetter than cloths, allowing for a longer dwell time of active ingredients, offering superior cleaning performance. From cleaning small spills, to their own work area, your staff will be encouraged to wipe surfaces throughout the day, maintaining a sanitary environment, beneficial to all.

DIN: 02452723

- Ideal for use by non-custodial workers
- Improves hygiene
- Convenient and easy to use
- Portable and properly diluted to ensure proper disinfection at all times

- Disposable to prevent the spread of microorganisms and infections
- Helps to keep contamination rates down
- Saves considerable time cleaning
- Improves surface disinfection process
- Can be used as a floor cleaning wipe

A fabric that complements our chemistry

The fabric selected for our wipes not only absorbs our formula the best, but releases it from the wipe, when in use, so that the formula can do the work intended. The wipes are strong, durable, and resilient while being safe to handle. They are designed to capture dirt, grease, and soils without smearing them. The Triple Action Multi wipes are made of a blend of fibers.

Don't forget!

Affix the rack to the wall for easy dispensing.
