

Letter of Guarantee

Product Name: UniTab

Product Code: 53379

Date of Issue: July 4, 2019

Product Use:

This product is suitable for use as a general use sanitizer (V1) in food processing establishments to sanitize food contact equipment or surfaces without a potable water rinse, provided that:

- a) the food contact surfaces have been previously cleaned and rinsed with potable water prior to sanitizing;
- b) the concentration of the active quaternary ammonium compounds will not exceed 200 ppm, and
- d) the surfaces are hard and non-porous in nature and are thoroughly drained prior to reuse.

All treated equipment that will contact food or drinking water must be rinsed with potable water before reuse. For product usage instructions, please see the product label.

This letter is being provided for the above listed non-food chemical product in accordance with the requirements of the Food Safety Enhancement Program of the Canadian Food Inspection Agency (CFIA). Copies of this letter and additional product information are available on our website.

Dustbane Products Ltd. will provide supporting documentation if requested by CFIA.
