Date of Issue: 08/05/2020
Applicable Equipment: Integra Series
Applicable Part/Kit#: 19202

MOUNT KITS FOR LA

MOUNT KITS FOR TX

- Hose, valve assembly common to both units
- U-Bolt in main package is used strictly on the LA handle
- Assembly instructions enclosed

- U-Bolt and white Teflon block in second package is used strictly on the TX handle
- Assembly instructions for TX handle
- Both kits will be combined to make one universal kit

INITIAL INSTALLATION CONT.

1. Attach U-Bolts to handle with block as shown. Upper U-Bolts should be tight to switch box.

2. Put tank on and install washers, wing nuts loosely. Assemble lower U-Bolt, washer and wing nuts. Tighten all 4 wing nuts and install rubber caps on thread.
