

ModularFlex System

4 products, countless opportunities!

Applications:

Proper cleaning starts with proper dilution. Up to 4 chemicals can be housed within the unit. It accommodates 2 liter bottles. Your chemicals are stored behind locked enclosures to protect both the users and your brand. It allows for safe manipulation of the chemicals by preventing any leaks or direct contact.

Benefits:

- Rite-Connect closed-loop system compatible
- 1-5 GPM flow rate options
- Uses less space than dispenser + separate chemicals
- High-quality dispenser stands up to daily wear and tear
- Lockable cabinetry
- New, expansive workspace to easily route tubes
- Easy, tool-free maintenance
- Easy to install with the use of a mounting bracket
- Chemically resistant select valves
