

Drying Fan

Powerful

Powerful airflow dries floors, carpets, walls and ceilings! The durable, rotational molded body withstands the toughest environments and is easy to keep clean.

Optimum Drying

The 0.5 hp, 3-speed motor gives ample power for drying surfaces and moving musty air. The Air Mover is also designed to operate at three angles. Aim the air stream at the floor to move air and dry carpets or tip back to dry curtains, walls and ceilings.

Compact

With its compact and lightweight design, it is easy to use and store. The handles fit conveniently into the bottom of the Air Mover to stack up to three units easily and safely. The balanced design with molded carrying handle makes the transportation easy.
