Black Diamond 800 Grit White Deep Cleaning Diamond Pad

About this product

Black Diamond 800 is a diamond impregnated floor pad used for deep cleaning and removing light scratches from natural stone, VCT, concrete surfaces, and stains from floors. It leaves a matte gloss surface well prepared for the subsequent Black Diamond steps.

Environmental Initiatives

Polyester fiber used in our pads comes from 100% post-consumer and industrial recycled waste product. Shipping cartons contain at least 45% recycled material.

The Diamond Technology

The Black Diamond 800 Grit Pad is made of 100% recycled polyester impregnated with billions of microscopic diamonds.

Usage and Care

Use on floor machines up to 3000 RPM. Remove debris on the floor's surface by dry mopping. Dry mopping reduces the wear on your Black Diamond pad, as well as on the floor and cleaning tools. Always mount the Black Diamond pad on the floor pad driver with printed side toward the machine and the colored side facing the floor. May be used wet or dry.

For continued good results, it is important to clean your pads thoroughly by rinsing them off with water. This removes dirt that can wear on the floor and reduce the life of the Black Diamond pad.

Specifications	Value
Available Sizes	12", 14", 17", 19", 20", 21", 24", 27"
Thickness	1.02 in 26 mm
Weight	33.5 osy 1135.84 gsm
Fiber Type	Recycled Polyester
Binder System	Proprietary
Binder Application	Spray / Dip
Abrasive Application	Spray
Abrasive	Industrial Diamonds 800 Grit
Colour	Black / White
Pack	2 per case
