

Commercial Automatic Scrubber

A New Cleaning Experience

The new Labrador XP is designed to provide total control over the cleanup work. Numerous features have been improved down to the last detail – providing you with ease of use and better productivity. With a battery life of up to 4 hours, it will allow you to work continuously without interruptions.

Transform It According To Your Needs

More versatile than ever! The same machine can now be used with different brushes. With a choice of 3 brush heads, adapt your machine according to your application and needs without having to stock multiple machines. With a quick switch over, you'll increase your efficiency on service and cut machine downtime.

Advanced Noise Control (ANC™)

ANC™ is an extremely advanced technology that combines vacuum motor positioning, isolation, and separated airflow. The result is extreme machine silence that is ideal for facilities that never close and require silence. Lower noise levels (**down to 54 dB**) are available on all models when the ECOSELECT mode is activated on the auto-scrubber.

Specifications	Orbital
Model Number	193XX-C-AGM
Productivity (<i>Theoretical at max speed</i>)	30,074 ft ² /h (2794 m ² /h)
Scrubbing Width	20" (50 cm)
Squeegee Width	32" (81.5 cm)
Numbers of Drive Brushes	1 x 20" (1 x 51 cm)
Brush Speed	2200 rpm
Brush Motor Power	1080 W
Brush Pressure	101 lbs (46 kg)
Motor Type	2-stage (480 W)
Water Lift at Squeegee	48.5" (123 cm)
Traction Motor	Yes
Maximum Slope	2%
Solution Tank Capacity	13 Gal (51 L)
Recovery Tank Capacity	14 Gal (53 L)
Power Supply	24 V (2 x 12 V)
Maximum Speed	4.2 km/h
Weight (<i>Without Batteries</i>)	236 lbs (107.2 kg)
Unit Size (<i>L x W x H</i>)	48" x 20" x 41" (122.5 x 51 x 103 cm)
Run Time (<i>ECOSELECT Mode</i>)	Up to 4 hrs
Noise Level (<i>ECOSELECT Mode</i>)	56/54 dB
Approval(s)	N/A
