## Wet/Dry Canister Vacuum

### Exceptional Cleaning Results

Dustbane's PC-3 offers the greatest performance, allowing the quickest recovery of difficult materials in industrial settings and construction sites. It features a diffused and filtered air exhaust and operates from a 110 V, 15A circuit.

### Operator-Friendly

The draining valve and dolly (*sold separately for the drum*) make the transport and emptying of a full tank easy and hassle-free.

### High Performance

It is designed to deliver powerful suction, large capacity, and rugged construction to allow the handling of large chores. The PC-3 has the capacity and power for large water recovery jobs or dry debris pick-up.
